TRUCK & TRAILER LED LIGHTING HARNESS SYSTEM

This new system offers a quick and foolproof method of wiring a truck or trailer without the need for any specialist tools.

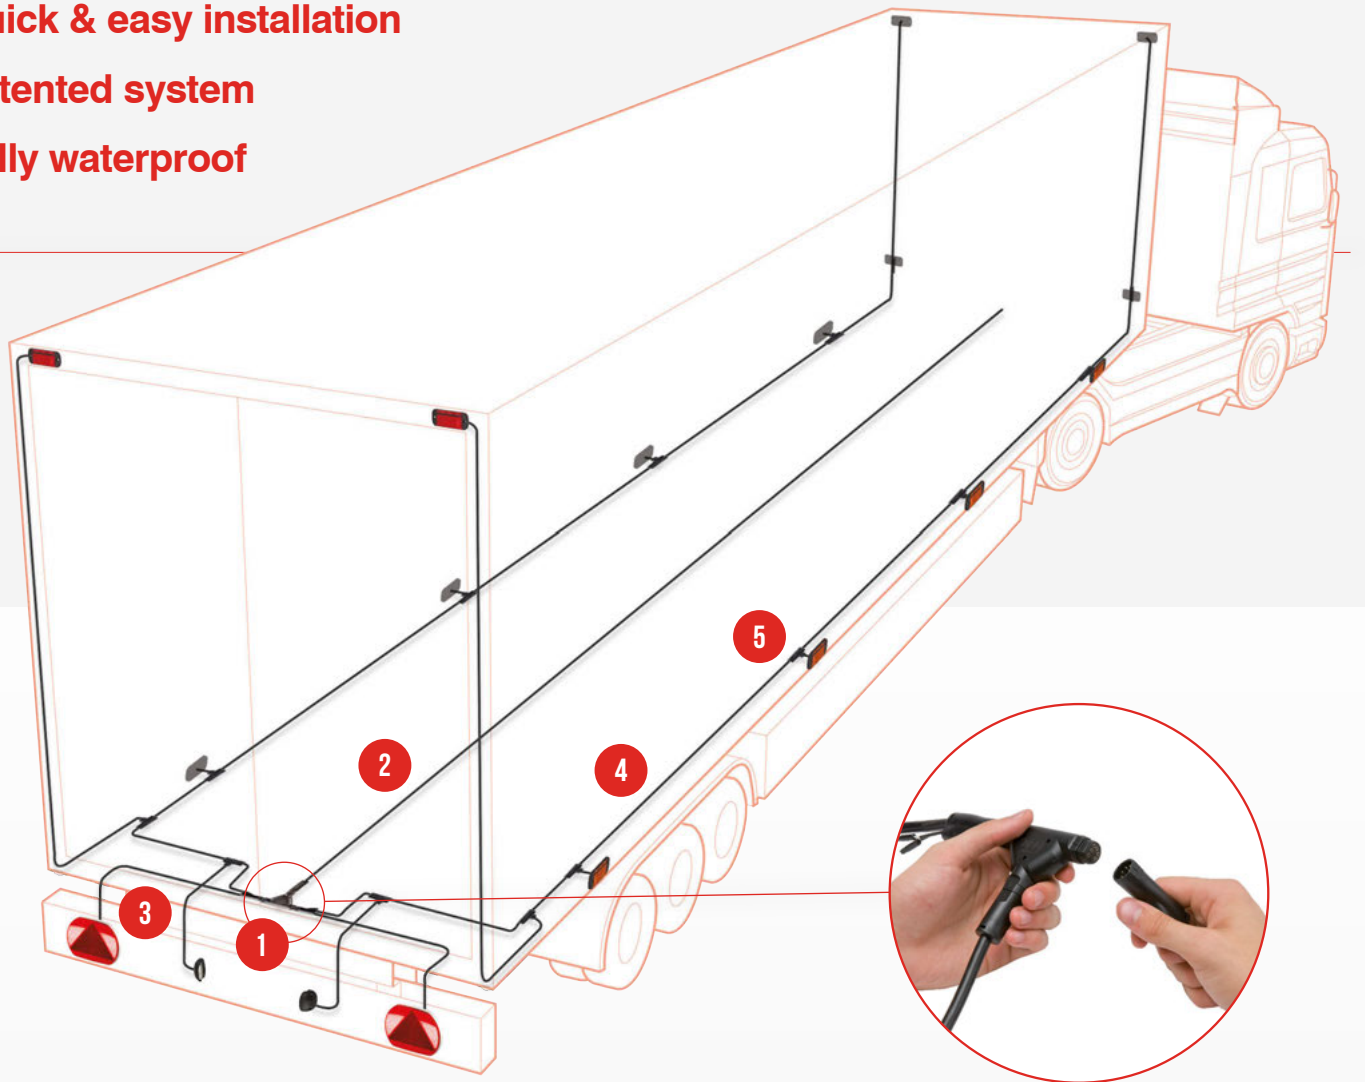

The harness system comes with a wide choice of standard cable lengths, and incorporates several specially designed patented push-and-seal connectors which are simply and easily installed to provide a cost effective long-life lighting harness solution that is extremely tough and durable.

- **This flexible system is suitable for trucks and trailers of any size**

- **No need for specialist tools**
- **Quick & easy installation**
- **Patented system**
- **Fully waterproof**

- **All our connectors simply & quickly push together, providing a strong, secure and waterproof seal**

PUSH-AND-SEAL SYSTEM

A patented waterproof sealing ring has been integrated within each individual connector, providing whole system integrity and reassurance of a long operating life.
